

STATE INFLUENZA VACCINE, MID YEAR USAGE REPORT, 2022-23

🕒 Complete and Return to immunization.dph@sfdph.org by Friday, January 20, 2023 🕒
SFDPH Communicable Disease Prevention Unit

Organization Name: _____

Total doses awarded to your practice: _____

Lot number(s) of vaccine: _____

For questions 1-3, please provide information on doses of **State-purchased** flu vaccine supplied to you only by the San Francisco Department of Public Health (SFDPH). Please report usage numbers for all doses received from SFDPH. Do **NOT** include VFC vaccine, CDPU-purchased vaccine or vaccine received from any other sources.

Definitions

Awarded: doses your practice received from SFDPH

Administered: doses your practice successfully provided to patients

Wasted: doses your practice did not use because of: temperature excursions; broken vials/syringes; vaccines were drawn but not administered; vials were opened but not all doses were used; and/or the vaccines expired (expired vaccine your practice still has in its possession is considered “wasted”)

Unaccounted for: doses awarded to your practice that cannot be located and have not been recorded as wasted or administered

Returned: unexpired, viable doses your practice did not use and has given back to SFDPH

Remaining doses: doses still in your inventory

1. Total usage by formulation (only include State-purchased Fluarix/Afluria/Flumist, not CDPU-purchased Flublok)

	STANDARD FLU VACCINE (MULTI-DOSE VIALS)	PRESERVATIVE FREE VACCINE (PRE-FILLED SYRINGES)	LIVE ATTENUATED INFLUENZA VACCINE (NASAL SPRAY)
Awarded			
Administered			
Wasted Please explain on page 2			
Unaccounted for Please explain on page 2			
Returned*			
Remaining doses			

* For any returns, please complete a [Vaccine Return Form](#) and bring it when you return vaccine. If returning viable, unexpired vaccine please follow the [SFDPH Vaccine Transport Guidelines](#). Vaccine returned after the expiration date does not need to be transported at refrigerated temperatures.

Please continue to next page for age group break down.
